We will work our way through one scenario after another, each and every one a true story from my years as a practitioner. What skills do you bring to the consultation? Do you know the pertinent design details? What colors will help? What ceremony will be beneficial? Which of the five elements need adjustment? What method or meditation will correct a ch'i imbalance? What will you do for yourself as you face a situation that seems beyond your ability, or challenges your judgment? For instance: You walk into a lovely home, begin the consultation, and suddenly realize the home is a brothel. The request from the madam - help me deal with the police.

The process is simple.

Just dial in and listen from wherever you happen to be. We know that you are busy, and hope that this format will allow you an easy and effective way to update your Feng Shui knowledge. There is just one thing to remember. Please refrain from using a cell phone. It can distort the signal for everyone.
